# The time to go solar is Now!

Solarize SouthTowns brings communities together to maximize benefits of solar for our neighbors and local businesses through discounted pricing.

Green Springville

A multi-community campaign to make solar cheaper and easier for residents and businesses

# What is Solarize SouthTowns?

**Solarize SouthTowns is a multi- community campaign to make solar cheaper & easier for residents and businesses.**

Led by Green Springville, a local not-for-profit organization, this program helps leverage group purchasing of solar installations **between June 20th and September 30th, 2019.**

Solarize SouthTowns has vetted and negotiated reduced installation and material costs from a preferred local solar company, Solar by CIR. As a result, if you go solar now, you can save money, reduce your carbon footprint and contribute to a more sustainable lifestyle.

**Act NOW!** The benefits of Net-Metering and available Tax Credits are changing January 1st, 2020!

## How Solarize SouthTowns Works

**Schedule your free solar evaluation at [SolarizeSouthTowns.com](http://SolarizeSouthTowns.com)**

Solarize SouthTowns come together to select a local solar company, Solar by CIR, who will come to your house, ensure solar is the right fit for you, and explain how installation works as well as our group discounted pricing options.

**Get your discounted price from Solar by CIR**

After Solar by CIR comes to your home or business, they will give you a quote with reduced pricing options for installation. Once you've decided if solar is right for you, sign a contract and schedule your installation.

**Sign up before September 30, 2019 to save money!**

**See if Solar-For-All can work for you**

Qualified residents can sign up for a no-cost subscription to a local community solar array to save an average \$15 a month on your electric bill.

Find more information at [SolarizeSouthTowns.com](http://SolarizeSouthTowns.com)

**Start saving on your monthly electric bill**

After deciding to go solar you will start to see the savings on your monthly utility bill for years to come, while contributing to a healthier earth and a greener community.
