Supervisor DePasquale introduced Scott Kirby who has been laying out a Disc Golf course up at Kummer Park.

Scott presented the Town Board with a packet containing information on a course overview and costs associated with disc golf equipment. The packet is on file in the Town Clerk's office.

Scott started out with an overview map of Kummer Park property with a course laid out for amateur, intermediate, and professional play. Included was pricing for equipment of baskets, poles, locking collars, and signs, along with material for walkways up to the baskets and around the course. There was discussion on whether to start up with nine baskets placed verses 18 baskets. Scott stated that probably buying all equipment for 18 baskets at once then concentrating on one basket at a time would be the best way of going about putting in a course. The quote for equipment expires in January.

Other points that were touched upon were:

Long term maintenance
Viewing gallery
Registry for Public use along with Leagues
Signage with sponsorship
Shared grounds while other activities are going on in the park
Possible revenue generated from holding games or league matches
