Chairperson Craig Bouquin called the August 3, 2021 Environmental Board Meeting to order at 7:05 PM in the courtroom at the Colden Town Hall.

- I. Benjamin Sayer's Proposed 5.95 kW [DC] Ground-Mounted Solar Energy System Expansion (Total System Size: 30.6 kW [DC])

The Environmental Board Members reviewed the short environmental assessment form.

Changes made to the short environmental assessment form by the Environmental Board Members:

Page 2, 9: The Board Members noted to add the description provided by the Applicant to satisfy the question.
As noted in the brief description of the proposed action:
(14) New Hanwha Q.Peak DUO L-G8.2 425W Modules
(58) Existing Hanwha Q.Peak DUO L-G8.2 425W Modules
(14) New SolarEdge P505 Power Optimizers
(58) Existing SolarEdge P505 Power Optimizers
(2) Existing SolarEdge SE10000H-US [10 kW AC] Inverters
(1) Existing SolarEdge SE5000H-US [5 kW AC] Inverters

The Environmental Board Members reviewed the Full Environmental Assessment Form Part 2- Identification of Potential Project Impacts.

The Environmental Board Members determined that the project will result in no significant adverse impacts on the environment, and therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

Craig motioned to adjourn at 7:25 PM, and Ellen seconded. All were in favor.
