REGULAR TOWN BOARD MEETING

MINUTES:

MOTION made by Councilman Pietraszek and seconded by Councilman Hrycik and unanimously approved the minutes for the Town Board Workshop meeting held on May 12, 2022, at 6pm, and the Regular Town Board meeting held on May 12, 2022 at 7pm.

AMEND MEETING

Supervisor DePasquale amended the meeting for Old Business to be heard at this time.

OLD BUSINESS

Change of Use:

Nardolillo land use presently owned by Mr. Larry Johnson 8932 Phillips Road for commercial business activities. AKA as “Nards Tree Service”

Supervisor DePasquale asked if the Town Board and Mr. & Mrs. Nardolillo had a chance to look over the Change of Use Permit.

Town Board stated that they had reviewed the Change of Use and had no questions or concern with the Change of Use permit.

Mr. Nardolillo stated that he was not going to sign the agreement. That it seemed that this agreement was for his residence and not his place of business that he is planning to operate down the road.

Supervisor DePasquale stated that this agreement is for his business and that this also protects him from any complaints that may be made with what he may choose to do on his own residential property. This whole matter started because of a complaint from your neighbors and that it was concluded that you do not have enough property for this type of business even though you have been doing business at that location for several years. What is stated in the permit shows that the only business being conducted at your residence is for the office work that relates to your business. None of your business-related trucks can be parked at your residence, fuel tanks for your trucks would need to be moved down to the new property anything pertaining to the business would take place at the new property. The storage barn at your residence is for personal use and again nothing relating to your business.

Mr. Nardolillo stated that he uses his skid steer at his residence for snow removal and other uses at his residence his one business truck is used also for his personal use. He shared a photo of all his trucks and equipment relating to the business. He also stated that he is trying to please the town, and he is in the process of buying the property down the road for his business to keep everything off his residence.

There was discussion on the following.

Oil changes on the trucks and equipment being performed once a year at his storage barn at his residence. Not being able to change the oil there creates a hardship he is already buying the property and putting a driveway to comply with the town's codes, he cannot afford to build a new storage building for his trucks at this time.

Storage of wood chips are not allowed at his personal residence unless for his own personal use he has been filling in an area behind his house to add more green space. Neighbors have called the town and DEC about the filling in of that area and it was determined by the DEC that there are no issues with the area he is filling in. Still complaints are being made Mr. Nardolillo did acknowledge that it is a neighbor dispute that brought this matter to where it is today.

Supervisor DePasquale did state that with the Change of Use permit conditions are made because people take advantage of things if they are not in writing.

It was decided to go through the following Change of Use Permit and clarify any sections that are in question.

**DRAFT CHANGE OF USE PERMIT**

Pursuant to Article XXI of the Zoning Code of the Town of Colden, a Change of Use Permit is hereby granted by the Town Board of the Town of Colden in accordance with the following:

APPLICANT: Kenneth Nardolillo  
AKA- Nards Tree Service

PREMISES: **9156 removed** **-(changed to V/L)** Phillips Rd, Holland, NY 14080  
CODE: Article X, 108-36 A (20) \_\_\_\_\_

USE: Contracting Businesses

Additional conditions and safeguards are deemed necessary by the Town Board to implement the purpose and intent of the Change of Use Permit. This permit is contingent and subject to the following:

1. Code Requirements: Full compliance with all sections of the Colden Code as presently codified or as may be amended from time to time.
2. Application and Planning Board: Subject to all plans and specifications submitted with the application, recommendations of the Planning Board and additional conditions and terms as approved by the Town Board.
3. Violation: Any violation of the provisions of the Permit or any other applicable law, code, rule or regulation of any government or department shall subject this Permit to suspension or revocation in the discretion of the Town Board.
4. Amendment: Any amendment or modification to this Change of Use Permit is subject to approval by the Town Board.

The land is presently a “vacant/fallow” parcel. The new use is classified as operations and parking for tree service commercial vehicles per Zoning 108-36. A (20) for contracting businesses of this nature is permitted in the underlying Ag zoning, subject to a Change of Use request per §108-36. A (20).

This permit is contingent and subject to the following Special

Conditions:

1. **The existing business operations at the family residence must be relocated to the new parcel in total. No activities related to the Nard's Tree Service operations are permitted at the existing residence at 9156 Phillips Road except for a Home Office, located within the residence, for administrative functions related to the business. CHANGED**
2. A firm timeline for completion of the new parking area and relocation of the business operations to the new parcel is established as 180 days from approval by the Town Board. The Town Board considers this firm date as a condition for approval.
3. The new parking area is for the sole use of the applicant's business vehicles and the laneway design is consistent with that. No 3rd party, lease, or rental vehicles or equipment shall **not(removed)** be parked or stored there. Such use changes the classification from applicant parking lot to a Commercial Parking Lot (where parking is supplied for fee or consideration). This Change of Use is only for parking of the applicant's business vehicles, trailers, and equipment and that use is a condition of approval.
4. The new parking area should allow for vendor fuel delivery for the commercial fuel diesel and gasoline tanks which must be relocated to the new parking and business operations lot on the new parcel.
5. All vehicles in the lot must be in an operational state and **in(removed)** comply with §108-78. E that specifically prohibits the parking of wrecked, partially dismantled, or junked vehicles on the parcel.
6. The applicant shall not enter the proposed laneway by "backing into it" from Phillips Rd, and shall not depart the parking site by "backing onto" Phillips Rd.
7. Nard's staff working or maintaining equipment or operations **should (changed to may)** be offered some form of sanitary facilities since this is a commercial enterprise. Sanitary facilities must be always maintained and kept in good functional condition as a condition.

8. All activities related to the Nard's business are to be fully relocated to the new parcel, except the allowed home Office action as noted above. Relocated items include but are not limited to the following:

**a. There will be no storage or delivery of brush and woodchips to the old residential site. CHANGED**

**b. Two existing (500G and 350G) commercial bulk fuel above ground horizontal storage tanks located at 9156 Phillips Rd must be moved to the new site and installed in a manner consistent with Erie County and NYS DEC requirements. CHANGED**

**c. The existing accessory structure at the residence was constructed under a building permit which authorized a storage building. The present use, as stated by Nard's owner, is as a shop for the Nard's equipment. Future use of the shop shall be for residential purposes. REMOVED**

d. Nard's tree service logs are sold before the Fall and shall be stored at the new commercial parcel location only. However, a small quantity of logs may be delivered to the residence for the sole purpose of residential and accessory building firewood use. Any logs at the residence should be cut and split into on-site consumed firewood in a timely basis.

9. No roadside signage is proposed by the applicant.

10. All field implementation associated with this Change of Use must be in full compliance with the final Schenne & Associates Drawing C-1 as revised on May 6th, 2022. This will be strictly monitored during the building permit process. That drawing is attached as an annex to this agreement.

**11. The Planning Board's Advisory Recommendation should be reviewed for details and findings on this matter which include the basis for the recommendation. REMOVED**

12. Hours of operation will not affect the nearby residents and their quality of life.

ACKNOWLEDGMENT: The undersigned as applicant for this Change of Use Permit does hereby acknowledge receipt of a copy of this Permit and agrees and accepts the provisions herein. The applicant further acknowledges that a violation or breach of any covenants, provisions or conditions of this Change of Use Permit will result in suspension or revocation of this Change of Use Permit. The undersigned agrees to all terms and provisions of this Change of Use Permit as herein stated or as hereafter may be amended.

DATED: \_\_\_\_\_, 2022 By: \_\_\_\_\_ Applicant

ACKNOWLEDGED AND APPROVED AS TO FORM AND SUBSTANCE.

DATED: \_\_\_\_\_, 2022 \_\_\_\_\_  
JAMES DEPASQUALE, Supervisor  
Town of Colden

**After review of the Change of Use the following highlighted areas were removed or changed to reflect the following language.**

**1. The existing business operations at the family residence must be relocated to the new parcel in total. No activities related to the Nard's Tree Service operations are permitted at the existing residence at 9156 Phillips Road except for a Home Office, located within the residence, for administrative functions related to the business.**

**8. a. There will be no storage or delivery of brush and woodchips to the old residential site. Changed**

**b. Two existing (500G and 350G) commercial bulk fuel above ground horizontal storage tanks located at 9156 Phillips Rd must be moved to the new site and installed in a manner consistent with Erie County and NYS DEC requirements.**

Supervisor DePasquale asked Ken & Mary Nardolillo if they understood the agreement and agreed with all conditions of the Change of Use Permit. If so, the Town Board would move to approve the conditions based upon the changes that were made at tonight's meeting.

Ken & Mary Nardolillo agreed to the Change of Use permit with all the changes tonight.

Supervisor DePasquale will make the changes on the draft and forward a copy to the Town Board and Nardolillo's for signatures from all parties on the Change of Use.

Check the town website for details.

Summer Concert Series

Summer concert series begins Wednesday, June 15<sup>th</sup> with Noah Koningisor from 6:30pm – 9pm at the Town Gazebo.

A postcard will be going out with a list of the concerts and dates. July 2<sup>nd</sup> will be the Towns 4<sup>th</sup> of July event with food, ice cream and kettle corn at Kummer Park from 6pm – 10pm. On September 11<sup>th</sup> will be a memorial for 9-11 with a service by the Colden Fire Company following the concert at Kummer Park.

Supervisor DePasquale stated that the stage that was used last year for the Fourth of July event is not available this year. When the concerts are held at Kummer Park the sound systems that the bands have do not carry the music up the hill that well. With a stage the sound travels better for the people to hear the music. There is a need for a stage so people sitting on the hill and up on top can hear the music.

Quotes were received for the rental of a stage for the July 2<sup>nd</sup> event.

Ripe Audio \$2,500.00

Indigo Production Events LLC \$2,605.00
